\$140 for Thursday lessons (10 lessons until Dec. 13th)

Lead United Soccer Club was founded in 2010, as a men's amateur team and children's skills development program. Lead United Men's club has enjoyed many successful seasons in the Greater Seattle Soccer League (GSSL) and indoor soccer league at Arena Sports.

LUSC's kids program has fostered the development of many youth soccer players in our area, many of whom are currently playing for premier clubs like Crossfire and Surf.

Our philosophy focuses on fostering a healthy lifestyle, instilling a love for the game of soccer, as well as instructing players in proper technique and sportsmanship. Whatever the player's goals are, we have a curriculum to meet his or her needs. We offer small group training, large group training, and for the more serious players, we also offer 1-on-1 training to focus on technical and physical improvement. Our coaches are nationally certified in soccer coaching, and have experience working with children of all ages.

Our long term goals are to continue developing players technically and physically, facilitate the growth of soccer in the Greater Seattle region, as well as field youth teams for 4v4, 7v7, 9v9 and 11v11 groups.

If you are interested in participating in our soccer program, please contact Synergy Learning Academy, or give us a call to learn more about the LUSC program!
